PRINCIPAL'S PIECE

Kia ora koutou

And just like that our school year has come to an end. Thank you to all the families that attended last night's prizegiving and celebrated the success of our students as well as being entertained by the Kapa Haka performance group. It was lovely to catch up with past students of the school but also sad as we said farewell to families and Year 8 students leaving the school.

2020 has been an incredible year. It started as normal with enthusiasm and excitement for the year ahead. We had good student enrolment numbers, dedicated and professional staff ready for establishing strong relationships with the students and developing programmes of learning to meet our students' needs.

I do not think any one of our community would have foreseen the challenges that we were about to face. The unfolding COVID19 global pandemic would have an effect which would be felt by all people and communities. This year at Rotokauri School has seen a period of unprecedented change that has impacted on our staff and students.

However, let us not dwell on the past, in this case COVID. Instead let us reflect on and celebrate what we have achieved this school year despite the challenges we have faced. Here are just a few highlights and achievements this year -

- The successful implementation of our distance learning to minimize the loss of student and teacher contact time.

- The ongoing professional development for staff in the Maths curriculum.
- The successful involvement of our students in events such as the annual LitQuiz and ePRO8 competitions.
- Holding our production Dance Across The Decades despite all the setbacks.
- Continuing our school events such as cross country, athletics, camps and visits to the zoo with all the necessary precautions to keep our staff, students and parents safe.
- The completion of our extended busbay to accommodate more students, small building projects to ensure the health and safety of our students (tree felling and deck improvements) and of course the opening of our unique one of a kind SCENT garden.

Without the support of many, this year would not have been as successful as it has so let me acknowledge those people who have helped to make a difference.

- Thank you to all the volunteers. I can't thank you enough for your endless hours of organising, donating and doing whatever was necessary to support our students, both at home and at school.
- Thank you to the PTA who as usual add to our students' already rich school experience. Your many contributions we value immensely. And this year a special thanks to Kirsty Bell for working tirelessly to complete the SCENT garden, a place to treasure now and in the future.
- Thank you to the BOT for the commitment they invest in our school and for all their support throughout the year, governing the school to achieve the best teaching and learning opportunities for our Rotokauri students.
- Thank you to the staff - without their endless energy, skills and devotion to the school and the students nothing would be achieved to the level that it is. Well done to a great group of professionals.
- And thank you to the students - you are a gift and we are proud of what each and every one of you has achieved this year. Academically it has been difficult to maintain momentum with the challenges of COVID but you have done yourselves proud. When I look back to the beginning of the year and see how far you have come I congratulate you all. You have set yourselves goals and worked hard to achieve them.

None of us imagined that this school year would be disrupted in such a dramatic fashion. I am proud and honoured to work at a great school and to have the support of an amazing community.

Finally, I would like wish everyone an absolutely brilliant festive season, have an awesome holiday and great times with family and friends. We look forward to another busy and exciting year in 2021. See you all on Wednesday, 3rd February.

Ngaa mihi

Desiree Smith
